Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Audubon Commission Downriver Lawn and Play Grove project in fiscal year 2025. The entity to receive funding for this project is the Audubon Commission located at 6500 Magazine St, New Orleans, Louisiana 70118. The funding would be used to allow New Orleans' last remaining working wharves to continue to generate economic development for the City as it is slated to be closed and replaced with newer, modern wharves. Once complete, it will link Crescent Park to the Moonwalk, creating 2.25 miles of contiguous park space along the Mississippi River for the first time in generations. The project is an appropriate use of taxpayer funds because it will provide a safe and secure destination for families and contribute to the economic revitalization of this downtown area.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(1) and 42 U.S.C. 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Troy A. Carter, Sr.
Member of Congress
