Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Gretna Water Treatment System Upgrades project in fiscal year 2025. The entity to receive funding for this project is the City of Gretna located at 740 2nd Street, Gretna, Louisiana 70053. The funding would be used for upgrading the current water treatment facilities for the City of Gretna to bolster its resiliency and increase capacity. The project is an appropriate use of taxpayer funds because the project is critical to maintaining water treatment level of service standards within the City of Gretna and will allow for additional infill growth and water utility consumption. The project will add capacity redundancy while providing additional opportunities for new usage in the system.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j- 12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Troy A. Carter, Sr.
Member of Congress
